*Nature's Essence*

Purees/Pulps | Concentrates | IQF

**Delivering**

**Nature's Goodness**

## About Us

ABC Fruits is a leading manufacturer of tropical fruit purees, concentrates and IQF fruits and vegetables. The company was founded in 1997 by our chairman Mr. G. Vijayan in Krishnagiri, Tamilnadu, India.

Our meticulously selected ingredients serve the discerning needs of customers across diverse segments within the global food processing industry, spanning over 80 countries.

## Vision

To be a leading food solutions organization in the forefront of sustainable and transparent farming to provide customizable customer solutions.

## Mission

To provide quality food ingredients to global clients in a sustainable and innovative manner through cutting edge technology.

## Our History

1997

Marked the inception of our company as a small manufacturer specializing in the production of canned puree products.

We took a significant stride forward to diversify our business by incorporating our first aseptic line, to produce an output of 4 metric tons per hour.

2003

2007

We bolstered our production capacity by incorporating an additional aseptic line to bring a total capacity of 10 tons per hour

We added a sustainable facility in Bargur with 2 aseptic lines that utilizes renewable biogas energy to power most of our production capabilities.

2010

2017

We expanded our production capacity in Kandilli to a total of 4 lines and added a new logistics office in Chennai

We established a state-of-art frozen facility in Bargur fully powered by solar energy. We also acquired an aseptic facility in Chittoor.

2022

## Extensive Manufacturing Capacity

Our strategically located manufacturing facilities near fruit cultivating regions, equipped with state-of-the-art production lines, enable us to process a wide range of fruits into high-quality products.

Our presence in South India encompasses four production facilities, all of which provide a wide range of high-quality purees, concentrates, IQF products, including organic choices, to customers across the globe.

## Production Capacity

## Diverse Packaging Solutions

### Cans Puree

**Packing size:**  
3.1kg OTS cans  
(Available only for Alphonso & Totapuri mango puree)

**Shelf life:**  
24 months from D.O.M.

### Aseptic Puree/ Concentrate

**Packing size:**  
200+kg aseptic bags in drums

**Shelf life:**  
24 months from D.O.M.

### Bins Puree/ Concentrate

**Packing size:**  
1500kg

**Shelf life:**  
24 months from D.O.M.

### IQF Products Fruits & Vegetables

**Packing size:**  
10kg pack in food grade LDPE bags packed in 5-Ply corrugated cartons

**Shelf life:**  
24 Months from D.O.M at -18° C

**Dice size:**  
6x6mm, 8x8mm, 10x10mm, 15x15mm, 20x20mm, 25x25mm

**Storage:**  
In refrigerated containers maintained at -18° C

## Farmer Relations & Sustainability

### A dedicated team of agronomists

ABC Fruits has an experienced team of agronomists to support the GAP and sustainable practices to empower the farmers. Through educational initiatives and the provision of eco-friendly resources, we equip farmers with the knowledge and tools pertaining to carbon footprinting in order to minimize the environmental impact.

### Sustainability at Farms & Factory

By promoting responsible water management, organic farming techniques, and integrated pest management, we not only help farmers increase their productivity but also contribute to the long-term health of our planet. With successful implementation of solar panels at Krishnagiri and Chittoor factory we generate 14,60,000 units which meets 50% of our energy requirement. Our fruit waste is used as feed to UASBR /Biogas plant for biogas production & efficiently converts organic waste into a valuable energy source.

### Our Quality & Food Safety Standards

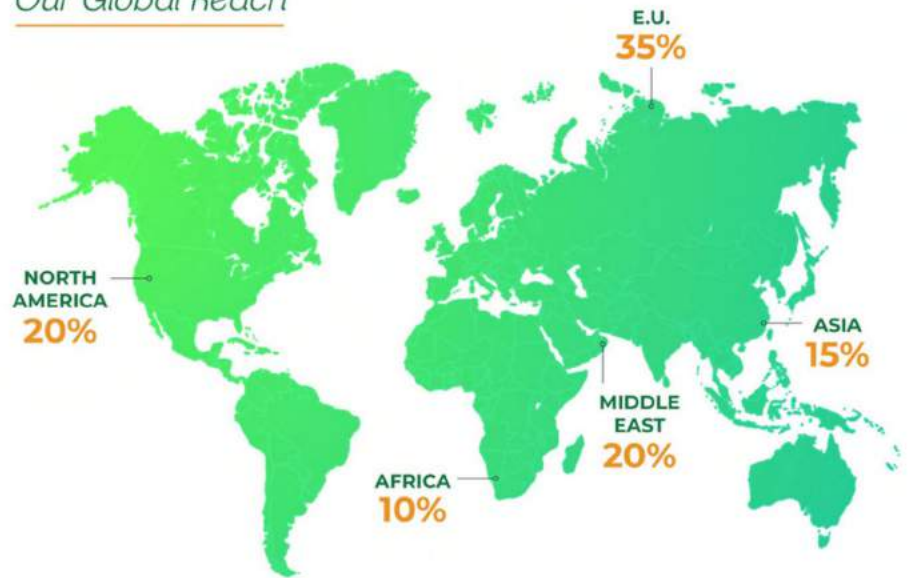

We at ABC Fruits adhere to internationally benchmarked quality and food safety standards & dedicated liasoning and regulatory experts to meet the requirements of customers across the globe. Our dedicated R&D team provides customer's precise requirements & tailor made products. ABC Fruits have renowned customers across the globe because of its product quality.

Furthermore, our state-of-the-art laboratory conducts comprehensive testing on the finished products to carry out, physical, chemical, microbiological and sensory analysis. The Laboratory is well equipped with modern and latest equipment that guarantees unwavering quality and consistency throughout the year.
