

# ABC Fruits

Purees | Concentrates | IQF

## About us

ABC Fruits is a leading manufacturer of tropical fruit purees, concentrates, and IQF fruits and vegetables, founded in 1997 in Krishnagiri, Tamil Nadu, India.

With **25+** years of expertise, we process **200,000 MT** of fruits annually and produce **100,000 MT** of finished foods, supported by **500+** employees and **USD 70+** million in revenue, serving customers across 80+ countries worldwide.

# History

**1997**  
Marked the inception of our company as a small manufacturer specializing in the production of canned puree products.

**2007**  
We bolstered our production capacity by incorporating an additional aseptic line to bring a total capacity of 10 tons per hour

**2022**  
We established a state-of-art frozen facility in Bargur fully powered by solar energy. We also acquired an aseptic facility in Chittoor.

**2003**  
We took a significant stride forward to diversify our business by incorporating our first aseptic line, to produce an output of 4 metric tons per hour.

**2010**  
We added a sustainable facility in Bargur with 2 aseptic lines that utilizes renewable bio-gas energy to power most of our production capabilities.

**2025**  
We have setup a new office in Chennai for export logistics and sales to ensuring smooth operations, timely shipments and reliable global customer support.

## Vision

To provide quality food ingredients to global clients in a sustainable and innovative manner, creating long-term value for our partners, farmers, and communities.

We have an in-house food technologists team who understand customer's requirements and craft tailored solutions.

- **Fruit Blends**
- **Fruit Compounds**
- **Fruit Preparations**

# Packaging Solution

## Purees and Concentrates

1500 Kg Bins

200+kg Drums

20kg Bag in Box

10 - 15 kg Frozen Pail

1 - 3 kg Frozen Puree

## IQF Products

25 - 30 Kg  
PP Woven Bags

10 kg Cartons

4 - 2.5 kg Bags  
in Cartons (Food service)

Custom Packaging  
(Retail)

# Quality & Certifications

We comply with global quality and food safety standards through rigorous in-house and accredited laboratory testing, including physical, chemical, microbiological, and regulatory analyses, ensuring consistent, high-quality products year-round.

# Sustainability

We generate **2,000,000** units of energy, meeting **60%** of our total consumption and saving **USD 200,000** annually. We aim to achieve **100%** renewable energy by **2030**.

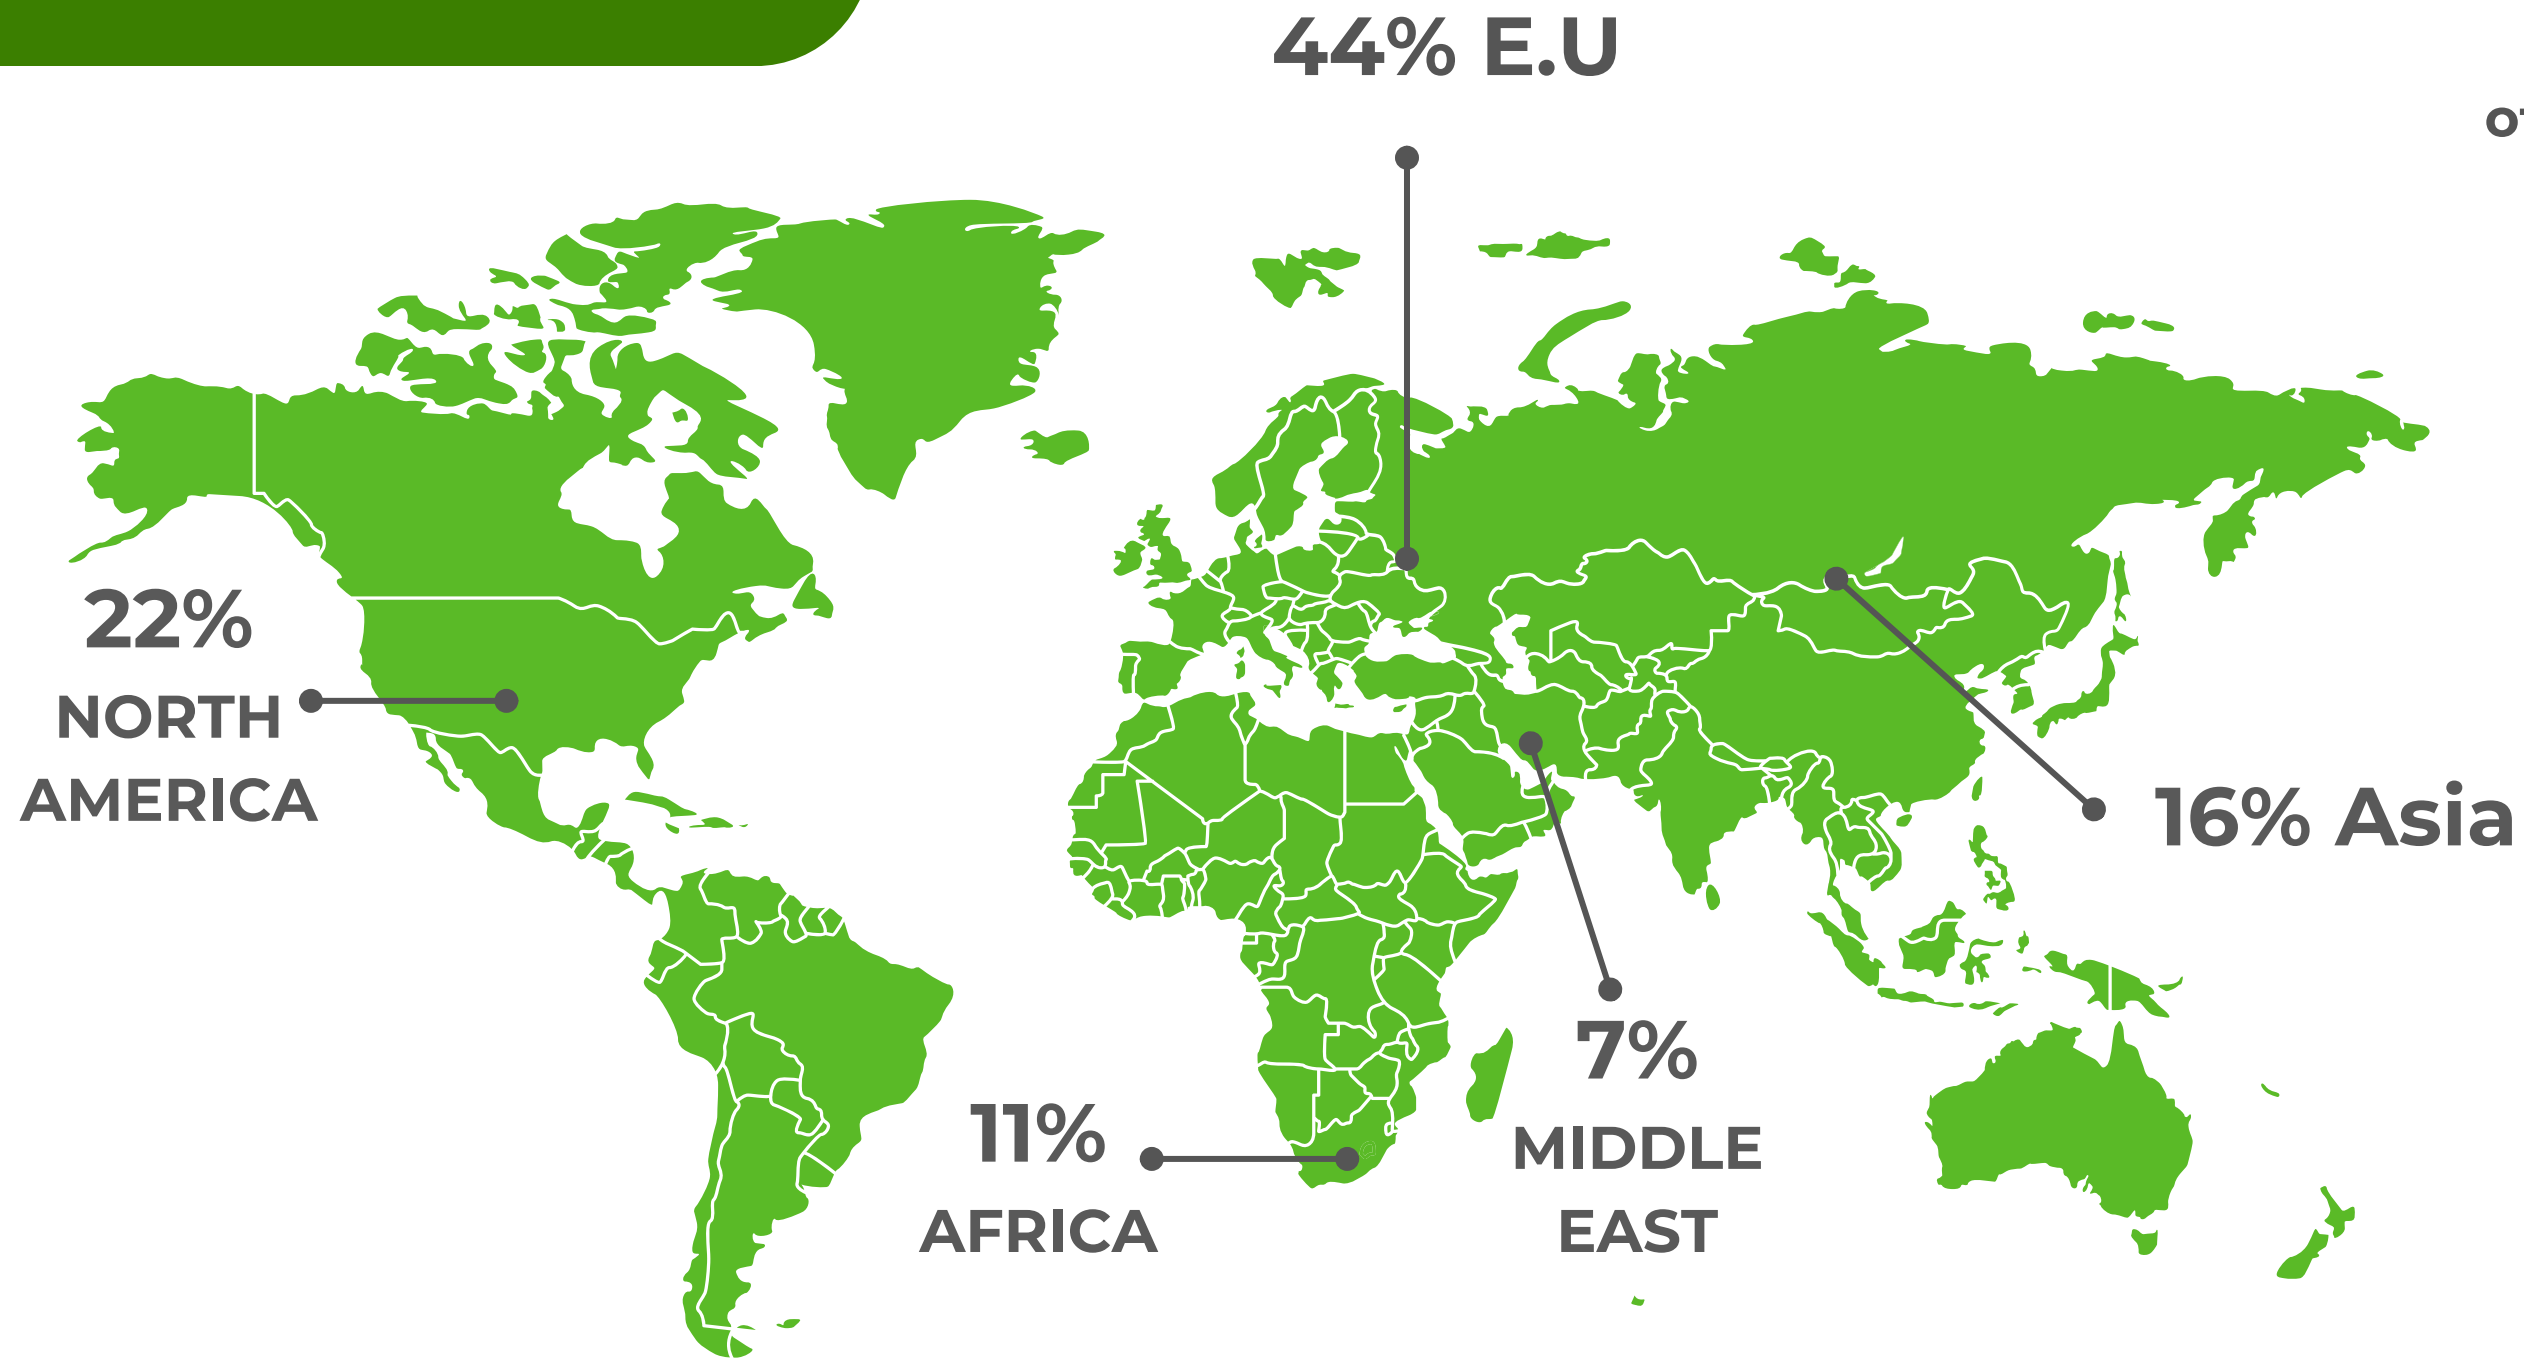

These initiatives reflect our strong commitment to sustainability and protecting the environment for future generations.

**Biogas:** Fruit waste is processed through our UASB/biogas plant, converting organic waste into energy, minimizing disposal, and promoting a circular economy.

**Waste Management:** We follow the principles of reduce, reuse, and recycle to minimize environmental impact.

# Global Reach

**70%**  
of our products are exported  
to International markets

**30%**  
Caters to Domestic Demand

Operating in 80+ countries, ABC Fruits offers an expansive international network for seamless collaboration.

# Why Partner with ABC Fruits

## DEDICATED PARTNER

We are your long-term partner, committed to understanding and addressing your unique product needs.

## PRODUCT VERSATILITY

Our diverse product range caters to a multitude of industries, providing comprehensive solutions.

## GLOBAL PRESENCE

Operating in 80+ countries, ABC Fruits offers an expansive international network for seamless collaboration.

## ETHICAL SOURCING

Our commitment to farmers underscores a responsible and ethical supply chain, enhancing the quality of our products.

## SUSTAINABLE DRIVEN

ABC Fruits is dedicated to sustainability, implementing initiatives at both farm and factory levels.

## RELIABLE SERVICE

We offer a reliable service, ensuring timely delivery while promptly addressing any issues through clear communication.
